

BEST POWER

Sealed Maintenance Free **LEAD-ACID BATTERIES**

Salient Features of Best Power

- Excellent cyclic performance and recovery after over discharging.
- Special New Alloy ensuring low rate of discharging.
- Long Life using special additive from Japan.
- Wide Operating Temperature Range.
- Compact Design
- Maintenance Free.
- Easy Installation.

Best Source of Storage Power

Introduction

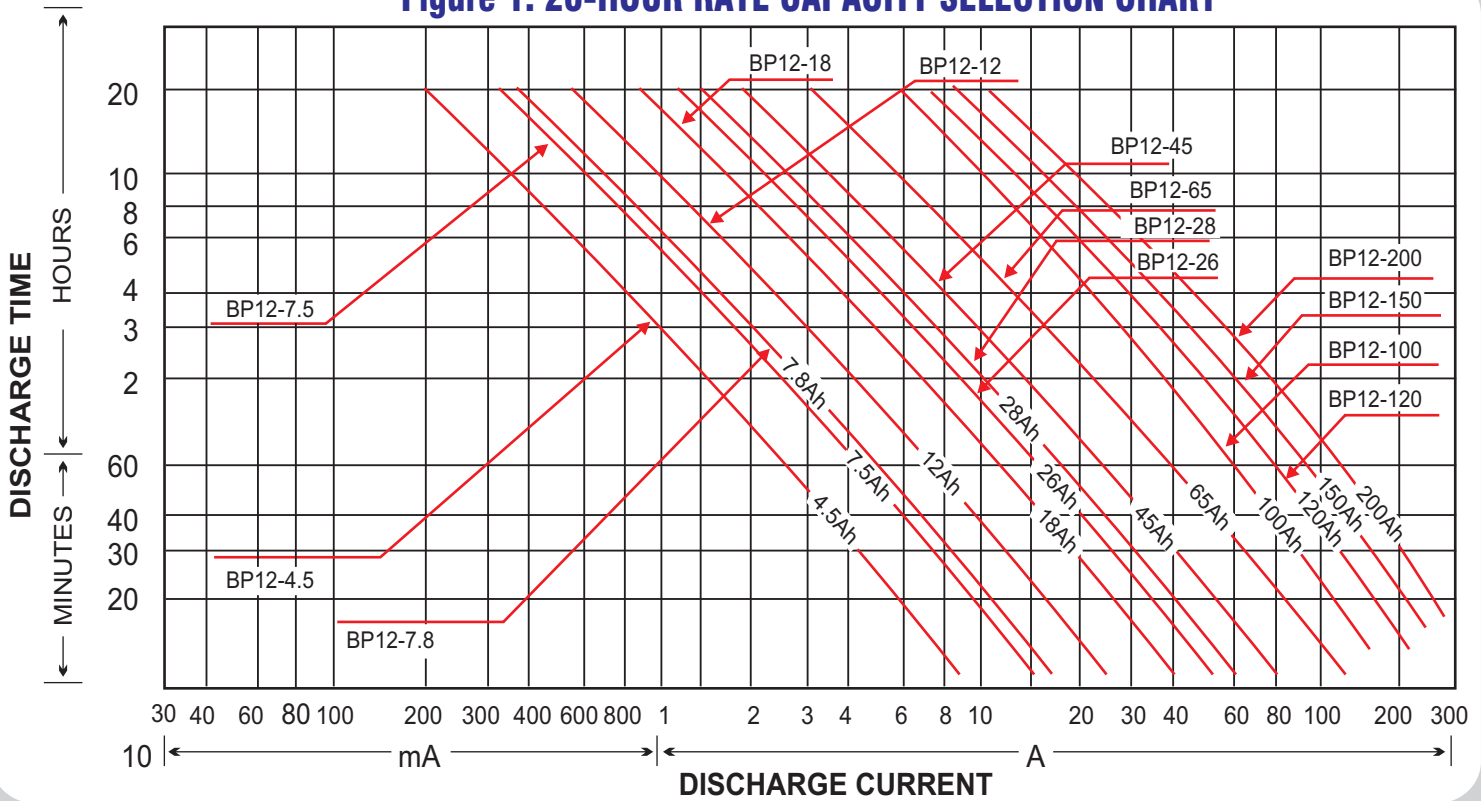

Best Power SMF batteries were launched to fulfill the power back-up needs of its valued customers. This has made its own product standardized to its brand and also enhanced the need of its customers.

The Best Power SMF battery is a back-up battery for portable equipments and office automation. The Best Power battery is small and light weight, gives high performance while still being economical to use. Best Power battery is derived from long experience in standby markets and applications. The Best Power battery range has been specifically designed using a special additive from Japan to ensure optimal discharge performance and highest reliability in many different environments.

Battery Specification

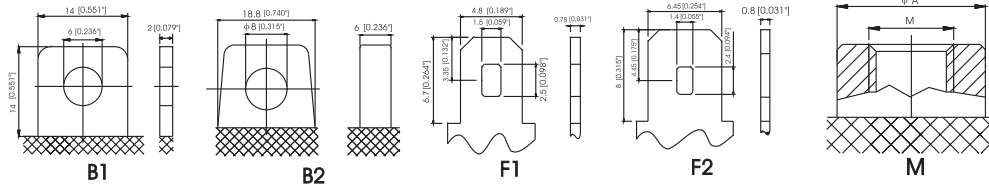

Battery Type	Nominal Voltage	20 Hr. Capacity	Dimension (mm)				Terminal Type
			Length	Width	Height	Total Height	
BP 12-4.5	12	4.5	90	70	102	106	F1/F2
BP 12-7.5	12	7.5	151	65	94	98	F1/F2
BP 12-7.8	12	7.8	151	65	94	98	F1/F2
BP 12-12	12	12	151	98	94	98	F2
BP 12-18	12	18	181	77	167	167	B1/M4
BP 12-26	12	26	177	167	126	126	M4
BP 12-28	12	28	166	126	174	174	M1
BP 12-45	12	45	197	165	170	170	M1
BP 12-65	12	65	350	167	178	178	B5/B11/M2
BP 12-100	12	100	331	175	214	219	M2
